

M.B. Faslur Rahuman Named Fellow of the American College of Cardiology

Dr. M.B.Faslur Rahuman has been elected as a **Fellow of the American College of Cardiology (FACC)**, in recognition of his professional achievement and commitment to ACC's mission to transform cardiovascular care for all. **Dr. M.B.Faslur Rahuman's** Fellow designation has been officially recognized on May 11, 2025, during the Convocation at **ACC Asia 2025** Together with SCS 36th Annual Scientific Meeting in Singapore.

"The FACC designation is awarded to cardiovascular professionals who are leaders in the field, sharing the ACC's vision for a world where science, knowledge and innovation optimize patient care and outcomes," said ACC President Christopher M. Kramer, MD, FACC. "Congratulations to **Dr. M.B.Faslur Rahuman** for this achievement."

Dr. M. B. Faslur Rahuman is a Consultant General and Interventional Cardiologist, board certified in 2011 after extensive training in Sri Lanka and the UK. A distinguished graduate of the University of Peradeniya, he earned multiple distinctions and later completed his MD in Medicine at the University of Colombo. He has made significant contributions to cardiology through research, with multiple publications in peer-reviewed journals, including the *Ceylon Medical Journal*, *Indian Heart Journal*, *Journal of Indian College of Cardiology* and *Journal of American College of Cardiology*. Dr. Rahuman has also played a key role in the GMRx2 global hypertension trial and has served as a trainer/examiner for undergraduates and a trainer for postgraduates. Additionally, he is the Editor for the Sri Lanka College of Cardiologists. His research focuses on interventional and diagnostic cardiology, and he remains actively involved in clinical practice and academic leadership. Learn more about Dr. M.B. Faslur Rahuman's achievements and contributions to cardiology at www.cardiologyresearch.clinsystem.com

Since 1949 the ACC has served as the professional home for cardiovascular clinicians and researchers seeking the latest science, research and education. The ACC and its members, chapters and global cardiovascular partners are united in efforts to improve heart health for all.

Fellowship is one of the most distinguished designations the ACC offers its members and is the ultimate recognition of professional achievement. Fellows are elected based on their exemplary credentials, achievements and recommendations from their peers.

When accepting election to Fellowship in the ACC, each designate pledges a commitment to excellence in care and continuous learning and collaboration to improve heart health worldwide.

Quote from a fellow colleague :

"Dr. Rahuman's leadership in publishing and clinical care has made a lasting impact on our cardiology community. His ACC Fellowship is a well-deserved recognition of his contributions."

Institution Boilerplate : Colombo South Teaching Hospital is one of Sri Lanka's largest tertiary care institutions, providing a full spectrum of general and specialized medical services. As a leading teaching hospital affiliated with the University of Sri Jayewardenepura, it plays a pivotal role in undergraduate and postgraduate medical education. The hospital is committed to delivering high-quality, patient-centered care while advancing medical knowledge through research and innovation.

About The American College of Cardiology

The American College of Cardiology (ACC) is the global leader in transforming cardiovascular care and improving heart health for all. As the preeminent source of professional medical education for the entire cardiovascular care team since 1949, ACC credentials cardiovascular professionals in over 140 countries who meet stringent qualifications and leads in the formation of health policy, standards and guidelines. Through its world-renowned family of JACC Journals, NCDR registries, ACC Accreditation Services, global network of Member Sections, CardioSmart patient resources and more, the College is committed to ensuring a world where science, knowledge and innovation optimize patient care and outcomes.
